PRESS RELEASE

02.04.16

Since 2011, young hopefuls of Contemporary Art have submitted their candidatures to the International Emerging Artist Award of Dubai.

Throughout the years, the International Emerging Artist Award has consolidated its position as an integral event of Dubai's official cultural agenda, and in 2016, has been selected as official award partner of the Contemporary art fair, World Art Dubai.

This year is the fourth consecutive edition of this exceptional event: Overall, 350 applications from 80 countries have been received, proving again its status as a global competition.

This 4th edition will partly take place in Brussels in May 2016, and focus on the city's dynamic art scene by appointing TAG bxl as the only art gallery partner (*) for the GALLERY SHOW AWARD Illustration & Drawing. TAG bxl will host a group show of 30 International Emerging Artist Award's laureates. .
